FRITZ BULTMAN
176 EAST 95TH STREET
NEW YORK 28, N. Y.

Dear Ross - Another letter from Senator Stone in answer to one, sent him from N.Y. (before the petition). Since I signed it Fritz - Bultman - G. F. Bultman III - he thinks I am two people. The price of legality it seems is confusion. However I am forwarding it to you to keep together with the other papers in Provincetown.

Beside the tax problem there is also the intervention

of the Div. of Waterways (Mr. Bessette) that might be a point of objection by local voters.

Mrs Vorse writes that Mr. Lawrence has brought her renderings of the proposed development. She is trying to get photo stats.

I do feel that some local organization would be helpful in fighting this. I do hope you can find some way to form a temporary group.

P.S. Do you think that it would be possible for someone from Presumptown to write Sen. Stone a thank you letter for his prompt reply to the petition. I will write him from here
