FORM B - BUILDING

--	--	--	--

ARCHITECTURAL DESCRIPTION

see continuation sheet

Describe architectural features. Evaluate the characteristics of this building in terms of other buildings in the community.

8 Atwood Avenue is a 1-story, 4-bay 3/4 cottage with a side gable roof and a 1-story side ell. A large interior chimney is located at the west gable end. The main entrance has a panel door and full glass storm, shaded by a flat hood supported by end brackets. Windows are 2/2 DHS with wood storms and operable louvered shutters. The side ell has a side gable roof, separate entrance, and a similar door, storm and windows to those on the main block.

HISTORICAL NARRATIVE

see continuation sheet

Discuss the history of the building. Explain its associations with local (or state) history. Include uses of the building, and the role(s) the owners/occupants played within the community.

As per Tom Boland (1994): The first owner listed for the house is Mrs. Butler in 1880 although there is indication that a structure was here earlier. The owner for 1907 was H. Smith.
