28 Alden Street is a 1-story, 2-bay building. The flat roof has a parapet wall at the front facade. The primary entry contains a pane and panel door with storm; a small shed hood hangs over the door. Wood steps lead to a wood deck across the front facade. Fenestration includes grouped 6/1 and 4/1 DHS with storms on front façade and single-light and paired narrow 2/1 DHS windows on secondary facades. Small shed hoods over windows match that over door.
