ARCHITECTURAL DESCRIPTION

see continuation sheet

Describe architectural features. Evaluate the characteristics of this building in terms of other buildings in the community.

4 Pearl St. is a 1-story, 2-bay dwelling with additions. Raised brick foundation created 2nd story, moving the main entrance up to 2nd story. Front-gable roof with partial returns; brick chimney at ridge. The main entry is located at the 2nd story, and consists of double multi-light doors with flat hood and pendants end brackets; accessed by wood stair - deck extends to south end of main (east) facade. 2-story square bay to right of the main entry; canted bay at the 2nd story of the south facade with details similar to front bay - a 1-story flat roof addition below accommodates a secondary entrance. Windows are generally 1/1 vinyl DHS. 3-story addition at the rear with entrances on the south and north facades connects the main block to a 2-story gable roof section at the rear; wood shingle cladding here. 6/6 DHS in gable end of rear section.

HISTORICAL NARRATIVE

see continuation sheet

Discuss the history of the building. Explain its associations with local (or state) history. Include uses of the building, and the role(s) the owners/occupants played within the community.
