ARCHITECTURAL DESCRIPTION

see continuation sheet

Describe architectural features. Evaluate the characteristics of this building in terms of other buildings in the community.

196 Bradford Street is a 1 1/2-story, 3-bay dwelling. The roof is side gable and a brick chimney is located on the rear roof slope. The exterior is clad in wood shingles with wood trim. The foundation is rusticated concrete block. The 1-story, full façade incised open porch features a half-wall and the roof is supported by battered columns. The porch has arched openings. The front roof slope has a shallow shed-roofed dormer with 12/1 DHS windows with snap-in muntins. Windows elsewhere in the dwelling are paired and single 1/1 DHS and single-light casements. There is a diamond-shaped, multi-pane window on the west façade. A rear ell has been added, including a garage and secondary pedestrian entry on the west façade and 2 entries on the east façade.

HISTORICAL NARRATIVE

see continuation sheet

Discuss the history of the building. Explain its associations with local (or state) history. Include uses of the building, and the role(s) the owners/occupants played within the community.
