ARCHITECTURAL DESCRIPTION

see continuation sheet

Describe architectural features. Evaluate the characteristics of this building in terms of other buildings in the community.

596 Commercial St. is a 1-1/2-story, 3-bay condominium building; side-gable roof is sheathed in asphalt roof shingles; shed dormer on rear roof slope; skylights in front roof slope; exterior is clad in clapboard siding on the primary façade with wood shingles on the secondary facades; wood trim; the fenestration has been altered and includes paired casement windows on the side façades, right side façade contains a single-light casement with arched window pane above, some windows contain 1/1 DHS with storms; three large inset gable dormers with sliding glass doors creating 2nd-story decks for each condo unit; 1-story, small shed-roof addition for front entry for end unit on left end; central entry vestibule for middle unit with full glass door and sliding screen; 2nd story of rear façade overhangs the 1st story and is supported by Doric columns.

HISTORICAL NARRATIVE

see continuation sheet

Discuss the history of the building. Explain its associations with local (or state) history. Include uses of the building, and the role(s) the owners/occupants played within the community.

BIBLIOGRAPHY and/or REFERENCES
