### ARCHITECTURAL DESCRIPTION

see continuation sheet

*Describe architectural features. Evaluate the characteristics of this building in terms of other buildings in the community.*

269 Bradford Street is a 2-story, 2-bay, Astylistic building; the side-gable roof is clad in asphalt shingles; the exterior is clad in wood shingles and the foundation is obscured; the fenestration includes single-pane awning windows, 4-pane wood casements with storms, a 10-light wood window at 2nd floor on east façade, the north façade has 2 symmetrically placed awning windows at the 1st story, and triple windows in the gable end; the primary entrance consists of a jalousie door with storm on the east façade; band of wood trim over 1st story and concrete ramp on north side may indicate this was once a garage

### HISTORICAL NARRATIVE

see continuation sheet

*Discuss the history of the building. Explain its associations with local (or state) history. Include uses of the building, and the role(s) the owners/occupants played within the community.*

According to current owner, the studio and house was owned by an artist name Engles in the early twentieth century.

### BIBLIOGRAPHY and/or REFERENCES

see continuation sheet

Recommended for listing in the National Register of Historic Places. *If checked, you must attach a completed National Register Criteria Statement form.*
